

Dry ice blasting machines ecoJET-pro | pro.affordable | pro.robust | pro.powerful  
Since 2011 dry ice cleaning is our competence "Quality at a reasonable price"

ecoJET-pro12	ecoJET-pro24	ecoJET-pro58	ecoJET-pro100
			
<p>ecoJET-pro12 is the best decision to clean with dry ice in an environmentally friendly and economical way. Low air volumes of 200l/min are sufficient. You can use existing compressors and thus save immense costs. Alternatively you can purchase a combination package from ecoTES. It contains pro12 and a suitable compressor at a carefree price.</p>	<p>The ecoJET-pro24 is very attractive as an inexpensive entry-level model in the middle class. In terms of application spectrum, it is below the ecoJET-pro58. With the optional upgrade package, it can be upgraded to an ecoJET-pro58 with all its powerful advantages. More flexibility is not possible!</p>	<p>ecoJET-pro58 convinces with high cleaning power for particularly stubborn dirt. The robust, reliable and powerful ecoJET-pro58 is suitable for professional use in all areas of industry. Multiple compressed air connection technology and the compact design of the ecoJET-pro58 guarantee flexible and mobile working.</p>	<p>ecoJET-pro100 the power package "concentrated power" that convinces. Removes all dirt in the shortest time. High blasting pressure with adjustable ice supply guarantees maximum cleaning. Additional funnel for dry ice included. Robust, reliable and powerful. Premium ice blasting machine for extremely tough use. More power is not possible!</p>

- ✓ With ecoJET pro series you acquire dry ice blasting machines of the highest quality, at the best price-performance ratio.
- ✓ Reliable technology. Tested user-friendliness.
- ✓ Optimum dry ice efficiency - thanks to optimised mixing unit for dry ice and air pressure.
- ✓ Fully electronic system control and ergonomic blasting gun for fatigue-free work.
- ✓ Multiple compressed air connection technology and compact design guarantee flexible and mobile working - only from ecoTES.
- ✓ Work interruptions due to "clumped" dry ice are a thing of the past - thanks to innovative technology.
- ✓ Made in Germany. Development & production according to EC directives and European Standard (EN) in Germany.

Technical data ecoJET-pro12, pro24, pro58, pro100

Air flow rate	0.2 - 1.2 m <sup>3</sup> /min per nozzle selection (pro12) 0.4 - 2.4 m <sup>3</sup> /min per nozzle selection (pro24) 0.9 - 5.8 m <sup>3</sup> /min per nozzle selection (pro58) 1.5 - 10 m <sup>3</sup> /min per nozzle selection (pro100)	Dry ice consumption	max. 28 kg/h (pro12) max. 80 kg/h (pro24, pro58) max. 120 kg/h (pro100)
		Dry ice pellets	1,5 bis 3 mm
Air pressure	1,5 – 10 bar (pro12) 2 – 10 bar (pro24, pro58) 3 – 16 bar (pro100)	Width, depth, height mm	400, 500, 640 (pro12) 600, 600, 890 (pro24, pro58) 650, 600, 930 (pro100)
		Weight	35 kg (pro12) 55 kg (pro24, pro58) 60 kg (pro100)
Hose connection (standard)	1x 7.2 mm quick coupling (pro12) 2x 7.2 mm quick coupling (pro24, pro58) 1x 42 mm claw coupling (pro58, pro100)	Dry ice container	5 litres (pro12) 15 litres (pro24, pro58, pro100) optional additional hopper 35 litres
Compressed air quality	should be dry, oil-free, cooled	Voltage	230V alternating current 1~ / 50Hz
Jet nozzle connection	28mm screw thread (pro12) 32mm screw thread (pro24, pro58, pro100)	Power consumption	300 Watts (pro12) 550 Watts (pro24, pro58) 600 Watts (pro100)
Jet sound pressure	approx. 40 - 75 dB(A) (pro12) approx. 60 - 110 dB(A) (pro24, pro58, pro100) Per nozzle selection and jet pressure		

Buy or rent dry ice blasting equipment directly from the manufacturer

ecoJET - Purchase

For workshops, craftsmen and industry the right machine at unrivalled conditions.

ecoJET pro for all requirements.

ecoJET pro is compact, robust and easy to operate.

Manufactured in Germany. Development & production according to European standard.

ecoJET - Rent

Simple dry ice blasting at a reasonable price.

Rent - the quick solution for all who want to clean in an environmentally friendly way with dry ice.

Rent a dry ice blasting machine: fast - simple - inexpensive.

Delivery and collection service for rental equipment.

Mobile cleaning

Our mobile service comes to you. Cleans perfectly clean with dry ice.

Our dry ice team removes adhesives, grease, oil, graffiti, paint, ink, resin, soot, chewing gum, dirt, tar, wax, binding agents, bitumen, silicone, incrustations, rubber, etc.

✓ without chemicals ✓ ohne water

ecoJET-pro series - advantages at a glance

**Unrivalled favourable**  
Buy or rent ecoJET-pro ice blasting machines directly from the manufacturer at an unrivalled low price.

**Made in Germany**  
Development & production according to EC guidelines and European Standard (EN) in Germany.

**Compressed air from 200l/min**  
Optimum cleaning power with low air volume. Use of workshop compressor.

**No "freeze"**  
Precise technology prevents "freezing / clogging" of the machine after work breaks.

**Dry Ice Efficiency**  
Optimised mixing unit of dry ice and air pressure reduces dry ice consumption

**Industrial quality**  
Best product technology. High manufacturing standard. Tested user-friendliness.

ecoTES Added value

**Free advice**  
We provide you with professional and individual advice according to your requirements. We will be happy to provide you with advice and support to help you make the right decision.

**Satisfaction Guarantee**  
Customer satisfaction is our drive for a successful business relationship. You will receive a 2-year warranty on our ecoJET pro products, as well as a 10-year spare parts supply guarantee. Hundredfold successful projects - our customers trust us!

Made in Germany

Multi-compressed air connection system  
Unique - variably available  
Only from ecoTES
